

WellOffice

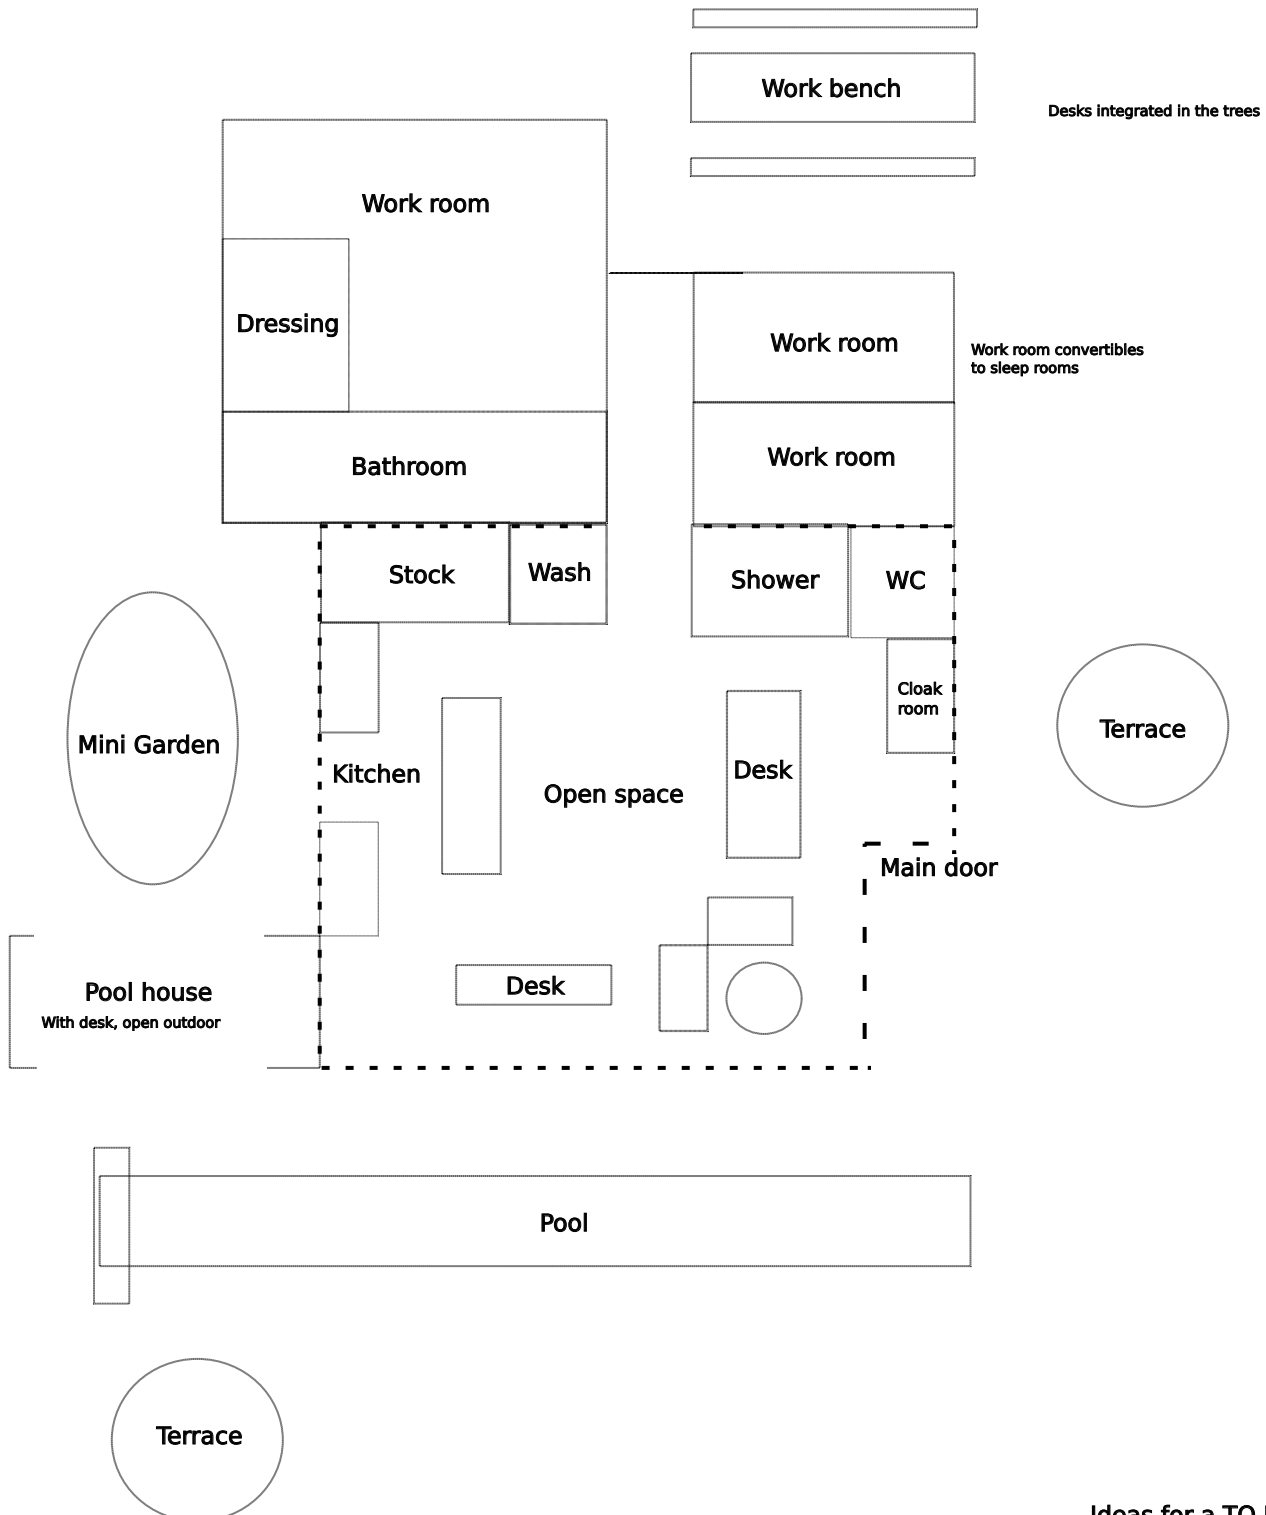

A collaborative workplace with private spaces integrated with nature

Instead of adding a work area for online workers in their existing private home, a **WellOffice** place allows online workers to benefit from a motivating and relaxing journey. This is especially well suited for nomad workers connected with peers all around the globe. The private spaces mix with the work areas, removing the need to commute after the working day.

Proof of concept for Datalayer, Inc.
at Avenue de la princesse, 5 - 7322 Ville-Pommeroeul
Parcelle 11c 10 (35 m x 100 m = 35 ares)

EXISTING
10 m x 10 m
= 100 m²

Ideas for a TO BE
The requirements are important, not the effective schema
